## Editorial

“ The visionary minds of Integral University have put the principle of wabi-sabi into action by responding promptly and pressing the borders to prove their unflinching faith in the power of sanguinity even during the grueling phase of global pandemic. We can, and we did stand by our motto ‘inspiring excellence’. We took the road less travelled by, and that has made all the difference. Integral University has emerged as a beacon for all the other universities across the nation by motivating the students to continue their academic pursuits, engaging them by a plethora of online activities and keeping the academic calendar running. We embraced the success mantra A<sup>3</sup> i.e. Adopt, Adapt and Adept to provide quality education. The alumni magazine is a repository of optimism, goodwill and reminiscence for the Integralites. I convey heartfelt wishes to the alumni community for their valuable contribution to their alma mater. ”

**Dr. Syed Wahaj Mohsin**

Associate Professor (Jr.)  
Department of Languages  
Integral University, Lucknow

“ Uncertainty has been the governing factor in our lives in the recent past. It has affected one and all alike. But my heart swells with pride to see that our alumni were active even during these times. They were trying to support each other and pull each other up. From that eleventh hour rush of reaching their classes on time with their adrenaline reaching sky high to displaying maturity towards their work and offering a lending hand to the present students of their alma mater, the alumni of Integral University have come a long way. Our students know that life is about little things. It is the way we behave in our day-to-day life and the way we cope with our daily hardships that define us and our personality. According to Albert Camus, "The struggle itself towards the heights is enough to fill a man's heart." This Alumni Magazine purports to cover the achievements of the University alumni and bring them closer to its alma mater. ”

**Dr. Amna Shamim**

Assistant Professor  
Department of Languages  
Integral University, Lucknow

**Er. Ali Saad**

Coordinator Alumni Association  
Integral University, Lucknow

“ In the eyes of its graduates, Integral University is not just an academic institution that offers academic degrees while contributing to the development of the country’s journey to the future. IU is the “Key of Life” that opens doors for its graduates, giving them access to the development, growth and prosperity. We were student's who walked in, full of hope and ambition; a graduates who walked out, loaded with knowledge and unforgettable memories; a professor who passed down his or her experience to the University’s students; or an employee who contributed through his or her knowledge to the growth and progress of his or her beloved country. I also take pride in being a member of IUAA. Since its establishment in 2006, the association has served as a link that binds together thousands of graduates from all over the world, regardless of their interests, profession and country. The most important achievement of the Integral University Alumni Association is bringing IU graduates closer to the alma mater that embraced them with care and love throughout their youth. ”

## Chancellor's Message

Just like fireglass which gives birth to brilliant beams, the latest edition of the Alumni Magazine offers countless stories of the achievers who have been a part of Integral University. Our alumni have navigated across the unfathomable oceans of episteme to reach the destinations that they have in the world that exists beyond the corridors of this university.

I am overwhelmed as I confer upon them my impassioned congratulations for upholding the spirit of Integral University across the globe. The incessant success and empowerment of our alumni community has also substantiated their alma mater and fostered its growth in myriad ways.

Integral university has expanded the dimensions of learning by innovating and designing various portals for online courses. The escalating inflow of students solidifies our commitment towards imparting meaningful education and provides our students with best opportunities for architecting their future. Integral University progresses with a value-based approach, a technically buzzing environment and a vision to reinvent and redefine success. The meticulous efforts of the Integral University Alumni Association (IUAA) must be acknowledged at this point as the third edition of the alumni magazine is successfully launched.

I conclude this message with the oft-quoted words of Allan Bloom,

**“Education is the movement from darkness to light.”**

**PROF. S. W. AKHTAR**

Hon'ble Chancellor and Founder  
Integral University, Lucknow

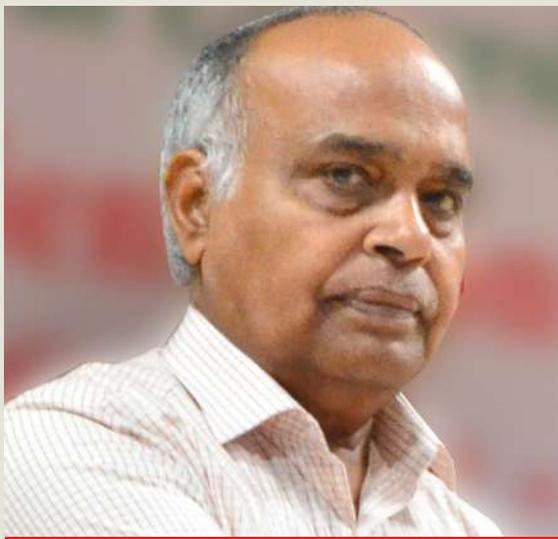

## Pro-Chancellor's Message

A famous Swahili proverb “Haba na haba, hujaza kibaba” means “little by little fills up the measure”. This is true in all quarters and facets of life. This also stands true for the growing network of Integral University Alumni Association wherein the old students are joining hands with the University to act as mentors for the present students. They are working on close-quarters to help their juniors reach the heights they have already achieved. It is heartwarming to see that the alumni are turning out to be successful in carving an effulgent future for themselves and contributing to society too. The significant contributions are done by them within the country and beyond is acting as links in the chain of economic growth. I feel immense pleasure in saying that each student has developed a penchant for excellence; taking up the laudable task of “Inspiring Excellence”.

**Dr. Syed Nadeem Akhtar**

Pro-Chancellor  
Integral University, Lucknow

## Vice-Chancellor's Message

Following the age-old saying “Knowledge is power”, Integral University works towards making its students powerful by helping them in accumulating knowledge from all corners. It does not stop here. The University also helps them in developing wisdom to be able to make wise decisions in their life. No one can stop a person from succeeding in life & becoming a responsible citizen in the society if he/she is endowed with both knowledge and wisdom. The aim of students must not only be to get a degree and procure a job but also to give back to the society what they have received. I feel pride in saying that the alumni of our University are both wise and knowledgeable. They are also endowed with human values & the love for their alma mater. This love keeps them connected to Integral University, and they wish to return to it every now & then, for both helping the present students as well as seeking guidance wherever they get stuck.

I wish all the alumni of the University best of luck in their future endeavors and congratulate IUAA for working hard and attaining success in creating a platform to develop a strong connection of the alumni with their university.

### **Prof. Aqil Ahmad**

Vice-Chancellor  
Integral University, Lucknow

## Registrar's Message

In the universe where change is the only permanent law it gives me immense pleasure to see how the alumni of Integral University have adapted to the changing professional scenarios. Their accomplishments have greatly enhanced the esteem of their alma mater. I must congratulate the alumni of the University for their perennial dedication and motivation. At Integral University we rethink and redesign the idea of creativity and learning. This university offers an ever-expanding constellation of professional courses. There are more than 29500 notable alumni who regularly contribute in whatever way they can to the growth of their alma mater. They are our treasured possession.

At this point I deem it necessary to convey my sincere wishes to Integral University Alumni Association (IUAA) for perpetually nourishing the bond between the alumni and the university. The Alumni magazine harvests the efforts of the entire team of IUAA. It also catalogues the accomplishments of our alumni on a multitude of professional fronts.

### **Prof. Irfan Ali Khan**

Registrar  
Integral University, Lucknow

## Controller's

## Message

As we conclude another successful academic year, some 2600 or so new graduates will go forth from the Integral University and begin to carve their paths. Among them would be visionaries who dream of interplanetary travel and asteroid-mining, newly minted Ph.D.s with expertise in various fields of research.

As I imagine them radiating outward from our campuses, degree/diploma in hand, I think about how lucky they are to be entering a new community — our alumni community.

The Integral alumni community of more than 30,000 transcends generations and geographical boundaries. You're in every conceivable field of work, in many countries, in families of every description and configuration. Among you are entrepreneurs, scientists, educators, volunteers and public servants. Differences abound within our community, but we also share core values — a commitment to service, a belief in access and opportunity, the drive to make a positive difference — that unite us.

We will put your support to work in ways that will continue to make you proud of this institution. Your engagement in your communities and your support of the Integral University, including through membership in the IU Alumni Association, are an essential part of making all of these achievements possible.

Please join me in congratulating the Class of 2020 as they join your ranks. You've set the bar for achievement very high, and it will be a thrill to watch them meet the challenge.

My good wishes to all for your future endeavors.

### **Prof. Abdul Rahman Khan**

Controller of Examinations

Integral University, Lucknow (India)

## Director, Admissions & Academics Message

I am extremely delighted and overwhelmed to know that Integral University Alumni

Association (IUAA) is going to publish its “Alumni Magazine”, which provides a source of information and highlights the achievements and accomplishments of revered alumnus.

The mandate of IUAA is to provide an opportunity for its members to foster, by their own participation, those programs and undertakings which will contribute to their personal growth and overall development and to the development, prestige and advancement of the Integral University as well. Equally important is the fostering of social, cultural and business relationships among alumni and friends.

IUAA in partnership with others and with the active involvement of alumni and friends, is fostering pride and the subsequently enhancing the University’s reputation through communication, the celebration of success, and the development of lifelong relationships with graduates, past, present and future. IUAA is fulfilling its aim to preserve and develop solidarity and exchange between former students. Regular events, an annual Homecoming, a growing number of alumni chapters in more and more cities around the world, an intranet with forums, profiles, and job offers, an Alumni Fund for organizing various activities, and many other opportunities for participation provide added value for Integral University’s alumni and the entire campus community. This has certainly given rise to a broad, multicultural, international social network based on a common foundation.

I find myself lucky in contributing and giving back to the place that gave me so much. My best wishes to the Integral University Alumni Association, which is working tirelessly in reaching out to its alumni, who in fact represent the university as our brand ambassadors. My heartiest congratulations and

### **Prof. (Dr.) Mohammed Haris Siddiqui**

Dean, Faculty of Agricultural Science & Technology  
Director, Directorate of Admissions and Academics  
Head, Department of Bioengineering  
Integral University, Lucknow.

**Director HRDC**

## Message

I feel proud that our alumni are active contributors to their professions and among their communities around the globe. I believe the spirit of Integral University has provided you with the unwavering foundation that will compliment your professional journey. As graduates of Integral university our alumni are our honored and best ambassadors. I extend my heartfelt congratulations to all the alumni of Integral University for contributing and proving their excellence by competing effectively in a global economy. Our diversity and involvement empower our alumni to develop a strong, interactive community which in turn will forge a successful alma mater.

At this juncture, I would like to share a meaningful quote of Albert Einstein depicting the way of honing the skills. He said, "Never regard study as a duty but as an enviable opportunity to learn to know the liberating influence of beauty in the realm of the spirit for your own personal joy and to the profit of the community to which your later works belong."

I congratulate the editors & IUAA team for the successful publication of "Alumni Magazine". I wish continued success to all the students of the Integral university and look forward earnestly to your continuing involvement in the coming years.

### **Prof. Syed Aqeel Ahmad**

Director, HRDC  
Integral University, Lucknow

## Dean, Students' Welfare Message

It's a great pleasure for me to know that the Integral University Alumni Association (IUAA) is consistently improving its quality and contents in its "Alumni Magazine", which they publish every year and is eagerly awaited by its Alumni and the University faculty/students alike. IUAA has currently reached out to twenty nine thousand four hundred thirty four alumni globally.

This year, IUAA has achieved a great feat of opening its First International Chapter i.e. IUAA's Qatar Chapter, which was inaugurated in a grand way by our Founder & Hon'ble Chancellor Prof. S. W. Akhtar at Doha, Qatar on 16th January 2020. Qatar Chapter will greatly contribute in strengthening the bonds between alumni of Middle-East and University. IUAA has played an important role to reach out to our eminent alumni and connect them with the students through their programme "Online Alumni Interaction Programme", which was highly appreciated by students as they got motivation, guidance and mentorship from prominent alumni like Syed Ali Abbas, I.P.S., U.P. Cadre), Er. Anshuman Sharma (Scientist ISRO), Er Vijay Kumar (Sr. Manager Pawan Hans Limited), Er. Manoj Kumar (Scientist NPCI) and many more, who achieved their career goals through their hard work and dedication.

### **Prof. (Dr.) Monowar Alam Khalid**

Dean, Students' Welfare  
Integral University

## President's Message

Greetings! Welcome to Alumni Magazine. Integral University Alumni Association's magazine exhibits the more dynamic and pertinent approach being taken in-print and expanded in the online edition to share the significant accomplishments and impact that IU has on campus and beyond its borders. We must connect, share and inspire our alumni and friends with our constantly-evolving stories in a manner that matches our accomplishments and impact.

We believe that the spirit of Integral University i.e. 'Inspiring Excellence' has provided you with the steadfast foundation that will compliment your professional journey. We are proud to be a diverse, Student-Centered, globally engaged university offering high value education. We are proud that what we do matters. We know that we transform and change lives. We have over twenty nine thousand five hundred alumni and in November 2020, we will graduate approximately three thousand students.

The best way to stay connected is to be informed of all the alumni events at IU through the IUAA website and social media platform. Stay connected with me or with any other team member of IUAA. We promise to promote your success and ensure that you are made aware and included in every event. Moreover, we welcome your feedback and guidance as we plan our engagement strategy for the year ahead.

Warm Regards,

**Dr. Salman Khan**

President, IUAA

Integral University, Lucknow (India)

## Secretary's Message

Warm greetings to all of you!

Being a fellow Alumnus, I am greatly delighted to address you through this Alumni Magazine

As General Secretary of the Integral University Alumni Association, I consider it an honor to welcome you all to this alumni association. It is indeed my earnest desire to bring the alumni closer through this medium, and I truly believe this magazine will reconnect all of us. We, as the alumni, are the foremost brand ambassadors and can play a vital role in the development of our Alma mater with our ideas and suggestions. We wish to nurture a rich culture among the alumni which leads to building a strong and connected alumni network.

The Alumni Association helps in sharing the practical aspects of old students' knowledge and development of the University. I am sure our interns would bring laurels to the University and become brand builders for the University. I would be looking forward to your suggestions to make our community vibrant, informative and highly interactive. Any suggestions for better functioning of the Alumni Association are heartily welcomed.

Warm regards and best wishes to one and all.

### **Mr. Shahid ul Islam Khan**

Secretary, Alumni Association  
Integral University, Lucknow

## Treasurer's Message

The objective of the Integral University Alumni Association is to connect and establish a wide network among all the alumni. The Alumni could contribute in multiple ways. Firstly, we can contribute to our alma mater through our expertise and experience. Secondly, we can connect with each other and think of how we can give back to our community. Through IUAA, we can form local chapters in India and abroad, developing and creating a global presence. Besides these, industry-institute interactions like internships, seminars, lectures and other initiatives would help the student community gain exposure and build successful careers. Our association provides a very good forum to keep connected with each other across the globe. Alumni are invited to put the same to best use.

We are together embarking on a journey that would benefit the Alumni, the University, and society at large. We would love to listen and interact with you and know your success stories as Integral University alumni.

### **Er. Mohammad Ahmad**

Treasurer, Alumni Association  
Integral University, Lucknow

## QATAR CHAPTER

The Qatar Chapter of Integral University Alumni Association (IUAA) was inaugurated on 16th January 2020 in Doha, Qatar, in the august presence of the Founder and Chancellor of Integral University, Prof. Syed Waseem Akhtar. Prof. Akhtar expressed his pleasure on the formation of the Chapter and counted it as a milestone in the growth of the University. He congratulated the alumni on their great contribution to their respective professions and for being role-models for the current students. It is a proud moment in the history of IUAA where the first International Chapter of the Alumni Association has been established. The event was also attended by Dr. Syed Nadeem Akhtar, Director Planning and Research and Dr. Salman Khan, President, IUAA, senior alumni from reputed central universities of India and officials from the Qatar Foundation.

Er. Ahmad Faraz (B. Tech. CE, 2007-2011) is the founding President of the Qatar Chapter of IUAA. The Chapter has received notable support from Er. Vaquas Siddiqui (B. Tech. ECE, 2004-2008). Er. Mazid Ali (B. Tech. CE, 2008-2012), Er. Babar Khan (B. Tech. CE, 2008-2012) and Er. Farzan Ansari (B. Tech. CE, 2008-2012) have taken over as the Vice-President, General Secretary and Treasurer, respectively. Er. Mohd. Saquib (B. Tech. ME, 2007-2011), Er. Imran Khan (B. Tech. CE, 2008-2012) and Er. Saidur Rahman (B. Tech. CE, 2008-2012) have been nominated as Coordinators.

The purpose of the Integral University Alumni Association (IUAA) Qatar Chapter is to foster and cultivate a common bond of pride, affinity and connectivity among alumni, students, and prospective students.

The IUAA-Qatar Chapter will work towards keeping the alumni informed about the campus life. It will provide ways for the alumni to have meaningful interactions with the student community and teaching fraternity and hold value for the alumni community.

## **Er. Ahmad Faraz**

President, Qatar Chapter

---

Dear Alma Mater,

When I arrived at your doors in 2007, I knew that you were only a foster home, but I thought you will be the one that I can revisit occasionally. I spent 4 years of my life with you and each moment of this time is worth cherishing. I made some great friends, some great connections with the staff and teachers which I continue to have till date. Early this year, much before the Pandemic hit this world, we had welcomed the Hon'ble Chancellor Sir and his worthy deputies in Qatar as we formed the Qatar

Chapter of Integral University Alumni Association. This was a path-breaking step as we managed to bring many former students living in a foreign land under one roof.

The whole experience with you has given me the ability to look forward, and face the challenges of life. In fact, the unknown has always been a real fear for me, but you taught me that sometimes the best surprises in life are...well, surprises.

So thank you for giving me the courage to take the opportunities when they are offered. Thank you for not letting me hold myself back for the fear of failure. Believe me, I have experienced my fair share of failure in my time with you. Now I understand that failure is not something to be ashamed of, but should be celebrated because that means I tried, and I know how to improve for the next time.

## **Er. Mazid Ali**

Vice-President, Qatar Chapter

---

It is my utmost pleasure to thank my alma mater once again from the depths of my heart for feeding me the best Engineering education and valuable skills. Being a student of Integral University has been an enduring investment, aiming towards a new zenith of achievements.

Throughout my college years, I have been focused on learning and shaping myself to be proficient, from the best professors and capable instructors. Integral University furnished me with a solid academic foundation and skills which are essential for my current responsibilities.

I am highly grateful to Integral University's Management, Professors and Staff for their cumulative support throughout the four years of my graduation. Their support is not only limited to the University campus but also in the Alumni Association in Qatar.

For all my fellow juniors, these are the golden days of your life. The lessons of today are going to shape you into the best form you can be tomorrow.

## Er. Babar Khan

Secretary, Qatar Chapter

---

Warm greetings to all of you! Being a fellow Alumnus, I am greatly delighted to address you through Qatar chapter, Integral University Alumni Association, Doha, Qatar . As General Secretary of the Alumni Association, I consider it an honor to welcome you all to this alumni portal. It is indeed my earnest desire to bring the alumni closer through this medium, and I truly believe that Qatar chapter will reconnect all of us. We, as the alumni, are the foremost brand ambassadors and can play a vital role in the development of our Alma mater with our ideas and

suggestions. We wish to nurture a rich culture among the alumni which leads to building a strong and connected alumni network.

## Er. Mohd Farzan

Treasurer, Qatar Chapter

---

Dear Integral,

It has been over 3,000 days since I completed my Engineering and I believe I didn't acknowledge you enough, other than the Inauguration of IU Alumni Qatar Chapter during February 2020.

My Engineering course kicked-off in an unusual way; however, the University was so reassuring and welcoming that everything worked out immaculately. This is where I earned satisfactory grades, where I met so many wonderful people while making unforgettable memories.

It wasn't only the education excellence from the professors but proper guidance from the academic advisors. I wouldn't possibly be where I am today without those "Eight Semesters" of hardship, fun, failure and success.

Most likely I won't have the chance to flip my tassel again, as I have a large geographical area to explore. I would like to extend my sincere thanks to the professors of the Department of Civil Engineering for their tremendous support.

The freshmen, sophomore and the seniors – every aspect of your college life are essential. The quality education at Integral University will improve your self-worth, and help you accomplish things that matter the most. Best wishes to your bright future!

## CAMPUS NEWS

### MoU inked between Integral University and Council of Scientific & Industrial Research (CSIR)-Indian Institute of Toxicology Research (IITR), Lucknow.

**A**n MoU (Memorandum of Understanding) was signed between CSIR-IITR (CSIR-Indian Institute of Toxicology Research), Lucknow and Integral University, Lucknow on Friday, 18th September 2020.

The signing of this MoU will open new doors of possibilities for the students of Integral University, Lucknow. Under this collaboration agreement, special emphasis has been provided on Education, Research and Training components. Integral University will encourage its student to participate in R&D in collaboration with CSIR-IITR.

The said MoU was signed in the auspicious presence of Prof. Aqil Ahmad, Vice-Chancellor (Acting), Integral University, Prof. Alok Dhawan, Director, Indian Institute of Toxicology Research, Dr. Mohammed Haris Siddiqui, Head, Department of Bio Engineering, Integral University, Dr. K.C Khulbe, Head, Research Planning and Business Development Division, CSIR-IITR and Dr. Devendra Parmar, Chief Scientist, System Toxicology & Health Risk Assessment, CSIR-IITR, Lucknow.

For agreed upon activities, both institutions will make available their facilities and staffs. This MoU will take effect on and will be valid for five (5) years. This MoU may be renewed for another period of five (5) years upon mutual written consent of the parties before the expiration date.

## Another Step towards Academic Excellence - An MoU between Integral University and King George Medical University (KGMU)

**A**midst this myriad of Covid-19 positive cases in Lucknow the MoU (Memorandum of Understanding) was signed between King George Medical University (KGMU), Lucknow and Integral University, Lucknow on 6th July 2020 has given all of us a hope that our heydays are nearer.

What makes this pact of acute importance is the pandemic epoch. When a virus is on loose this has kept the doors of University shut for a longer period. Students, especially who are going to be graduate this year have been long awaiting for the revival of classroom education.

This MoU is going to take classroom education to a next-level. It is going to expand opportunities for students. Also the terms and condition will make sure about Integral University in collaboration with K.G.M.U. should deliver upon their words.

Knowledge and research work being prioritized is going be a silver-lining for college youth. This pact was made possible in the presence of Prof. Aqil Ahmad, Vice-Chancellor (acting), Integral University, Dr. Mohd Haris Siddiqui, Director (Admission and Academics), Integral University and Prof. M.L.B. Bhatt, the then Vice-Chancellor, K.G.M.U. MoU has long term benefits associated with it supposedly innovative project works, development activities which will be ensured together by Integral University and K.G.M.U.

The purpose of the M.o.U. is to set-forth the terms and conditions, scope of work and responsibilities of the parties associated with their collaboration on training/lab work/research etc., specifically. Both the parties will co-operate to the development of project/activities.

The Center for Career Guidance & Development (CCG&D), Integral University, organized a global webinar “JOBS FOR THE NEXT FIVE YEARS” on 6th June 2020. The event was streamed live on You Tube.

Students, academicians and working professionals from across 29 countries participated in the event. Over 8000 participants viewed the webinar live from the following countries - Kazakhstan, Uzbekistan, Saudi Arabia, Kuwait, UAE, Iraq, Somalia, Oman, Qatar, Bahrain, Ethiopia, Nigeria, Ghana, Tanzania, Sudan, Liberia, Thailand, Indonesia, Bangladesh, Bhutan, Nepal, Afghanistan, Ukraine, Turkey, Ireland, Sweden, Australia, New Zealand and India.

The 60 minutes webinar was themed around the most relevant topic facing economies today – JOBS. Three eminent panelists having a diverse range of experience in their fields touched upon the key aspects of JOBS FOR THE NEXT FIVE YEARS and deliberated on New emerging technologies, new ways of hiring, skills required for new age jobs and the role of a University in this transition.

Mr. Ashish Bhalla, Global Corporate Recruitments Head & Campus Relations, HCL Technologies Ltd. deliberated on the New emerging Technologies and the new ways of hiring, he talked about the fast pace at which the Technology and the IT industry is refining itself.

Mr. Rajesh Kumar, Co-founder & CEO, FACE also expressed his views in the webinar. He clearly stated that though Digital skills are the new normal but the ability to adapt and work readiness is going to be the most sought after skills.

Dr. Syed Nadeem Akhtar, Pro-Chancellor, Integral University, discussed the Role of Universities in this Transition. He said there should not be a rush for online or digital education, as it will not replace class room education any time soon, but only will enhance and compliment it.

Digitalization is now pervasive. He drew special attention that now the Universities must become platforms of facilitation and to be Centers of enablement. Dr. Nadeem emphasized on the evolving aspirations and engrained discipline which shall be essential requirements in the coming days. He further said that continuous learning will be the key for sustenance because some where someone is already way ahead of us.

Dr. Nilanjan Mukherji, Director - Center for Career Guidance and Development (CCG&D) Integral University, Lucknow (India) conducted the event as the moderator.

# VIRTUAL ALUMNI INTERACTIONS : Bridging the gap

Our Alumni community mentored and motivated the students during the challenging phase of global pandemic. They were the guiding stars amidst the gloom and darkness of widespread medical crisis. They extended support by interacting with the students and by sharing their valuable experience and success stories.

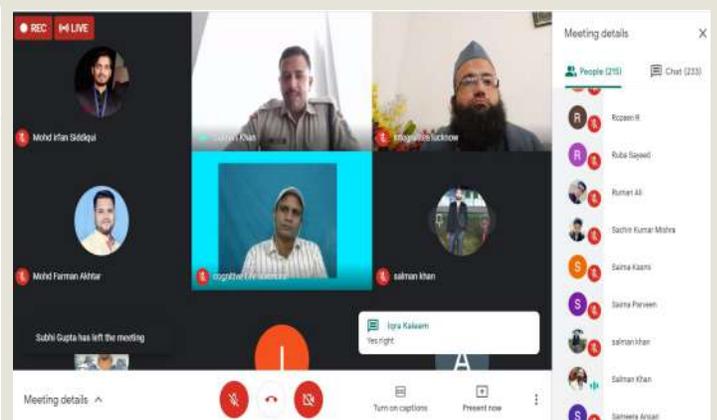

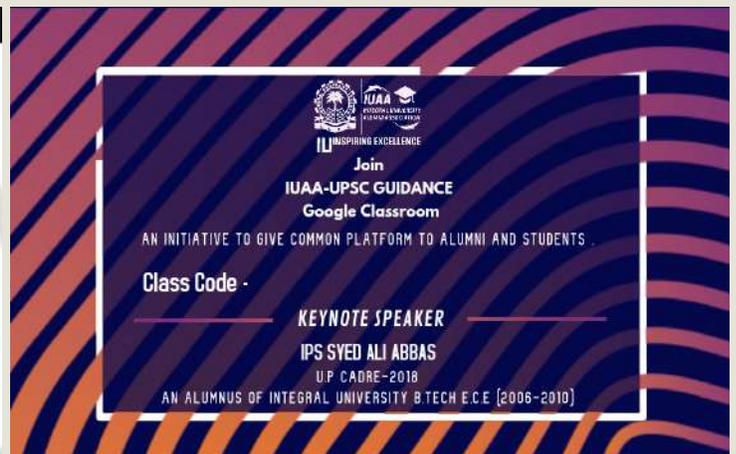

IPS Syed Ali Abbas

Integral University Alumni Association conducted an online Interaction student development program titled “Career Guidance & Motivational Lecture” on 25th July. The speaker of this program was Er. Syed Ali Abbas, alumnus of the Department of Electronics and Communication Engineering (2006-2010) working as I.P.S. Officer U.P. Cadre . Programme started with few motivational video clippings, glimpses of Alumni Association activities, a welcome address by Prof. Monowar Alam Khalid, Dean, Students’ Welfare, which was followed by highly motivational lecture delivered by the keynote speaker.

Mr. Abbas, who himself is a source of motivation to students gave encouraging examples from his own life and inspired students to be a self-motivator. He discussed the importance of positive thinking and attitude which brings optimism into life and such constructive changes can make one brighter and more successful. This program helped students to be guided by a positive mind and driven by self-motivation.

At the end of the programme IUAA-UPSC ACADEMIA was introduced to the students of Integral University. The IUAA-UPSC Academia is a Google Classroom where UPSC qualified Alumni gives guidance about qualifying competitive exams to the enrolled students of Integral University. The programme ended with the coordination of Dr. Salman Khan, President, IUAA ,Er. Ali Saad, Coordinator, IUAA and Departmental Conveners. The programme was moderated by Mrs. Halima Sadia followed by vote of thanks.

# Success Stories

**I.E.S. Abhishek Gupta**  
**Department of Civil Engineering**  
**2004-2008**

Indian Engineering Services  
Garrison Engineer (AF), Hasimara (W.B.)

**I**, Abhishek Gupta, I.E.S, graduated in B.Tech. (Hons.) in Civil Engg. 2008 Batch from Integral University, Lucknow. Thereafter I joined IIT Roorkee for masters programme and post graduated from their with hons. in M.Tech. (Geo-Technical Engineering) in 2010. I got selected in UPSC Engineering Services Exam in 2011, AIR-104 and got Military Engineer Services as my cadre. During the post graduation course, I got the campus selection and also got selected in PhD. in IIT Roorkee. After the PG course I got selected as Assistant Commandant in Para-Military force ITBP and as Junior Executive Engineer in Airport Authority of India.

My alma mater, being the cradle for future engineers, has a pivotal role behind my success. I am very grateful to faculty members of that time for tailoring engineering skills in me, notably my mentor Prof. Meraj Ahmad Khan (Dept of Civil Engineering) and Prof Vishal Singh Chandel (Dept of Physics). I appreciate their unembellished way of teaching and their limpid perspicacity in each topic, giving deep insight into the concepts.

# Success Stories

**Er. Faiz & Tuba**  
**Department of Biotechnology**  
**2006-2010**

Directors : MITTI SE  
A Diverse and Creative Environment

**I**n an age where environmental concerns are growing every day, it's wise to switch to natural products. And to make this easier and possible, Tuba and Faiz with their team launched Mitti Se to provide a range of all-natural daily use products.

Biotechnology graduates of 2010 batch Integral University were keen to live an ecofriendly and responsible lifestyle and hence looked for alternative. It was nature where their search ended. They started their journey in 2011 in a proprietor model and then in 2014 switched to a pvt ltd company with the brand name Mitti Se. Mitti Se product ranges for day to day personal care and home care items.

A bootstrapped initiative, the products are handmade, the ingredients are minimally processed, and their efficacy is kept high. They are in powder form or oil based which helps in avoiding the use of artificial preservatives. It breaks the prevalent culture and trend of green washing. Packaging is completely ecofriendly from glass containers, kraft paper boxes, paper shredders and tapes.

Since they are minimalist brand they think hard before adding any new product. Their plan is to keep the list lean and multifunctional.

Minimalism, total natural, water conserving, sustainable packaging, vegan, body positive are some of the values that their brand hold.

**W**hen you set your foot on a University campus, there should be a dream, a purpose that you must nurture and burn with for every little moment spent in the campus.

We live in a fiercely competitive world that is equally accommodating on ideas, opportunities and refreshing new talents. In a closely knit world where communication is easier to afford than fresh air, one must stay abreast with the latest happenings in their respective academic / professional space. Survival of the fittest, remember Measured and small steps at a time will help you get inches closer to that big dream you have been nurturing so dearly.

# Success Stories

Syed Ivan  
Department of Computer Applications  
MCA-2013-2015

Artist  
Balaji Productions

**A**t the very outset I would like to express my exuberant thanks to the Integral family. I extend warm regards to my department, the Department of Computer Applications, which has helped me greatly in my success.

My experience at this temple of learning was very different and has led me to explore and learn new things in terms of personal and professional aspects. Various co-curricular activities encouraged my confidence and leadership skills. Attending the cultural fest, FIESTA was always a memorable experience which helped me to understand my potential and participate in numerous activities. The aura of the University has always been positive and has motivated us to pursue our dreams.

The cordial relationship between the faculty and the students has helped me and other students to excel on the professional fronts. My academic life has been enriched by the student-friendly atmosphere of Integral university.

I will always be grateful to IU for giving me a multi-dimensional learning experience.

”

“Embrace what you don’t know, especially in the beginning, because what you don’t know can become your greatest asset. It ensures that you will absolutely be doing things different from everybody else.”

Life is what you make it? The sentiment that life is what we make it assumes we control almost everything. No. We don’t. We cannot control a bad boss, a screaming driver in the next lane, or the rain that destroys the season’s crop. We cannot control our life, but we can control our responses. To draw a parallel, the secret to a perfect golf shot is not squeezing the club tighter. Counter intuitively, one of the top golf instructors, advises his pupils to “grip the club like a baby bird”. A golf ball travels further when we let go. If we insist on trying to control things we cannot, we will keep squeezing tighter until something breaks. Focus on “ONE THING” we can control, however, and life can change for us, literally overnight. LIFE IS NOT WHAT WE MAKE IT, IT IS HOW WE TAKE IT.

”

The encouragement and faith that Integral University had in me is helping me in ‘keep going’. I hope more students will be able to find out how the University grooms its students, and will spread the word around.

Equity in education is practiced by Integral University and must be followed by all educational Institutions. There are two aspects of Educational Equity:

1. Fairness, which means ensuring that personal and social circumstances do not prevent students from achieving their academic potential.
2. Inclusion, which means setting a basic minimum standard for education that is shared by all students regardless of background, personal characteristics, or location.

I am happy to state that Integral University is empowering all students to Succeed in life

KCG- IKK Group  
 Contracts Manager

It has been ten years since I left the campus, with lots of emotions in my heart I feel so proud while looking back, What I miss the most is still the environment & the time I spent on the campus. Of course, I'm also grateful for the opportunities and platform it offered me. In 2009 qualified GATE, in 2010 got selected for M-Tech in IIT Guwahati & Integral University as well, but due to selection through Campus placement in KCG-IKK group, which is a renowned construction company in Middleeast region, I was not able to continue studies & chose to start my career.

I would also like to introduce you to the Integral University UAE Alumni team, with a mission to generate jobs and opportunities for Integral university Alumni in UAE, We have also planned UAE Alumni meet in Dubai but it got postponed due the current Covid-19 situation it will be planned again soon. In the end I would like to thank Integral University for giving me this opportunity to express my views & would like to give best wishes to the students & alumni.

“

To all my juniors, Integral University is offering the best platform and guidance for the future, and I recommend grabbing every single opportunity which may turn out to be a life-changer for you. Every success story starts with a dream. Being an Alumni of Integral University helped me achieve my life goals. While I was looking for guidance and high-quality education, my alma mater offered me the valuable knowledge, challenging and multi-cultural environment to help shape my Engineering career. The essential skills and high-quality education from the excellent Engineering faculty and staff set the platform for my future endeavors. The rich ambiance and the diverse environment are rare to find, and Integral University has been playing a prominent role in shaping a student's future. Those four years were not only full of lifelong memories but so many friendships and technical guidance from the experienced professors. I am highly thankful to my alma mater once again for the educational excellence. For its support extended beyond boundaries and helped me in identifying my professional capabilities.

Stanley Black & Decker Inc.  
Field Execution Manager-UAE

I am proud to be an Integralite and hope you all are too. The world is changing rapidly and we all need to be resilient to keep up with the pace of change for our success. When I met other alumni of the University in person in UAE, they were all concerned about what they can do to give back what they have received from the University. Great Universities have active and involved alumni who contribute in many ways by giving their time or expertise. Good Luck & my best wishes to all alumni & students.

“

INTEGRAL UNIVERSITY is not a University, It is a brand. It is unique in its excellence. Discipline is like in the air of its environment. INTEGRAL UNIVERSITY is much beyond just an “Institution”. It actually denotes a “Culture”...Culture of excellence, empowerment, and enrichment. Being an Integralian I feel blessed. This University has molded my personality and clarified my vision of the future. I am so grateful to have been a part of this University. It was very precious and golden phase of my life. The entire faculty and other members of this University are very cooperative. I got a lot of love and support from my teachers & colleague who made my 4 years memorable for me. Now people recognize me with the name of INTEGRAL UNIVERSITY and I am very grateful to the University for providing guidelines and motivation to inspire me to achieve my goals.

I had pursued my graduation in the most exciting and unique manner. It had been a great learning for me as a student. The environment here had made an independent thinker in regards to my passion and strength. Also, the theory of knowledge and immense support of faculty members had nurtured me in a person as I am today.

Always be grateful to the education system and my teachers for being so supportive and understanding throughout my academics in Integral University.

Always feel grateful and proud to be an alumnus of Integral University.

“

**Entrepreneurship- The Art of Making Life Easy and Bring Change to Humanity**

An entrepreneur's skill among the students should develop at the initial stage of education. This is an upcoming trend that is being seen in the University in the form of online curriculum, new courses and work-based learning. The competitive environment provided to the students help them in getting prepare for the challenges that lie ahead. Adult mentors, and community partners/experts help them in practicing showcasing their ideas and concepts. The institution should focus on events where students design and pitch ways to address college-wide challenges (bullying, internet safety, drugs, alcohol abuse, anxiety, school safety, etc.), ultimately leading to the best ideas. We should also encourage the students on the campus to develop creative and collaborative skills needed to tackle big problems and uncover new solutions. We can envision the students on how to showcase their ideas, and help them to develop those skills, which will help them in becoming successful entrepreneurs and engrave their names in the history of Integral University.

Good Luck & my best wishes to all alumni & students.

”

Believing in Yourself is the key

I was the first girl candidate recruited at Zydus Cadila from Lucknow. Moving to Ahmedabad from Lucknow with no friends and family members made me nervous. I was recruited for the production Department for vaccines which mainly had males. It was a real struggle to prove my worth each day in equality with work and professionalism in attitude. Remembering HOD's words. "Beta humesha ek dusre ka khayal rakhna " really guided me in making decisions in a competitive outside world and inner me. Getting "Pat on the back" while being a trainee was really a moment of pride for the confidence I held during Audits. I am thankful to Integral University and my Dept for instilling in me self worth.

“

Integral University has been progressing very well and it is a result of an able leadership and the hardwork put in by the staff members of the various Departments who strive hard to ignite the spirit of learning within the students. The Electronics and Communication Department is one such Department which has been constantly supporting the students to learn and push their boundaries, I was privileged to be a student and learned so much from the respected teachers. The way teachers support you whether it be the subjects, the cultural events, guidance for outside world, it is marvelous. It is a place where the Mentor-Mentee relationship is followed in it's true spirit. I would like to thank my Mentor Dr. Piyush Charan under whose able guidance I was able to crack my job interview at TCS. After I started my job I also started volunteering as Mentor Of Change for a flagship National program of NITI AAYOG, The Atal Innovation Mission, Government of India and for my work I was awarded as Exemplary Mentor in 2019 and in 2020 I was selected as Regional Mentor of Change for the State of Uttar Pradesh under the same program.

”

**Captain (Dr) Aditya Prasad**  
**M.B.B.S**  
**2013-2019**

Medical Officer,  
 Indian Army

At Integral Institute Of Medical Sciences and Research, amidst state of the art infrastructure, accompanied by highly intellectual,experienced and caring Faculty members, and hardworking staff, I and 99 of my other batchmates started their professional education in the primere founding batch. I saw every student shaping as a doctor reaching or aiming to reach the zenith of excellence.

The well crafted learning centre at the hospital helps everyone in carving a niche for themselves, and motivates all. To my dear juniors I'll say life brings new dreams and new challenges, brace them.

Toil today,dream tonight and enjoy tomorrow. My journey of 2 years now as a young medical officer in the Indian Armed Forces in blissful Kashmir brings with me unprecedented work experience, ethics and professionalism. It has taught me how to innovate,integrate and intimidate which has always made me thank my college and its learning.

Jai Hind! Long Live Integral!

“

Where to start from, if you just say Integral University, Lucknow, I will just move into another world and my world is full of beautiful moments, wonderful feelings, emotions, and my experiences. My five and half years of life which taught me how to live my whole life. My experience at University has given me a chance to sharpen my skills in my field of choice and in much way taught me valuable knowledge about this world and this will eventually help me to become more successful in my life. In short if i say in these five and half years i learned what success is and how to achieve success. My University has also made me better rounded as a person. So moreover while writing this I am really full of mixed feelings, for me these all experiences are irreplaceable. The most important part my all loving teachers, who taught me, who always encouraged, motivated me to be the best I can.

It is said that you learn from your experiences, so from my best experience of my University I learned that failure is never final. Keep going, success is about to come and therefore never give up. At the last i will say whenever anyone asks me from which University I belong, I proudly answer Integral University.

Master of Technology Solar Photovoltaic Engg. F T/Eve	2/3 Yr.	Bachelor of Science (Zoology Botany & Chemistry)	3 Yr.	Doctor of Medicine (Biochemistry)	3 Yr.
Master of Technology Electronics Circuit & Systems FT/Eve	2/3 Yr.	Master of Science (Integrated) (Biochemistry)	4 Yr.	Master of Surgery (Ophthalmology)	3 Yr.
Dual Degree Bachelor of Technology - Master of Technology Renewable Energy Technology	5 Yr.	Master of Science (Integrated) (Biotechnology)	4 Yr.	Doctor of Medicine (Microbiology)	3 Yr.
Master of Technology Renewable Energy Technology	2 Yr.	Master of Science (Integrated) (Microbiology)	4 Yr.	Doctor of Medicine (Community Medicine)	3 Yr.
Dual Degree Bachelor of Technology - Master of Technology Solar Photovoltaic Engineering	2 Yr.	Master of Science (Bioinformatics)	2 Yr.	Doctor of Medicine (Pathology)	3 Yr.
Bachelor of Technology (Computer Science & Engineering)	4 Yr.	Master of Science (Biotechnology)	2 Yr.	Doctor of Medicine (Anesthesiology)	3 Yr.
Bachelor of Technology Computer Science & Engineering (Cloud Technology & Information Security) in association with I Nurture	4 Yr.	Master of Science (Microbiology)	2 Yr.	Master of Surgery (Obstetrics & Gynaecology)	3 Yr.
Bachelor of Technology Computer Science & Engineering (Cloud Computing and Artificial Intelligence) in association with IBM	4 Yr.	Master of Science (Biochemistry)	2 Yr.	Bachelor of Physiotherapy	4 Yr.
Bachelor of Technology Computer Science & Engineering (Data Science and Artificial Intelligence) in association with IBM	4 Yr.	Bachelor of Science (Physics, Chemistry, Mathematics)	3 Yr.	Bachelor of Medical Lab Technology	3 Yr.
Dual Degree Bachelor of Technology - Master of Technology (Computer Science & Engineering)	5 Yr.	Bachelor of Science (Hons.) Industrial Chemistry	3 Yr.	Bachelor of Radio Imaging Technology	3 Yr.
Master of Technology Advanced Computing and Data Science	2 Yr.	Master of Science (Integrated) Industrial Chemistry	4 Yr.	Bachelor of Science in Optometry	4 Yr.
Master of Technology Computer Science & Engg. Full Time /Evening	2/3 Yr.	Master of Science (Chemistry)	2 Yr.	Bachelor of Science in Forensic Science	3 Yr.
Master of Technology Software Engineering	2 Yr.	Master of Science (Industrial Chemistry)	2 Yr.	Bachelor of Science in Health Information Technology	3 Yr.
Bachelor of Technology (Electrical Engineering)	4 Yr.	Bachelor of Science (Physics, Mathematics, Electronics)	3 Yr.	Certificate Program in Manual Therapy	6 mon
Bachelor of Technology (Electrical Engineering) LE Evening Classes	3 Yr.	Master of Science (Integrated) Physics	4 Yr.	Certificate in Baby Nursing & Child Care	6 mon
Dual Degree Bachelor of Technology - Master of Technology (Power System and Drive Engineering)	5 Yr.	Master of Science.(Physics) (Electronics)	2 Yr.	Certificate in Emergency & Trauma Care Assistance	6 mon
Dual Degree Bachelor of Technology - Master of Technology (Power System Engineering)	5 Yr.	Bachelor of Science Environmental Science	3 Yr.	Diploma in Anesthesia Technician	2 Yr.
Dual Degree Bachelor of Technology - Master of Technology (Instrumentation and Control Engineering)	5 Yr.	Master of Science Environmental Science	2 Yr.	Diploma in CT Scan Technician	2 Yr.
Master of Technology Instrumentation & Control (Evening)	3 Yr.	Post Graduate Diploma in Industrial Safety Health & Environment	1 Yr.	Diploma in Dialysis Technician	2 Yr.
Master of Technology Power Systems & Drives (Evening)	3 Yr.	Bachelor of Science (Physics, Mathematics, Computer Science)	3 Yr.	Diploma in Emergency Trauma & Care Technician	2 Yr.
Master of Technology Power System Engineering	2 Yr.	Bachelor of Science (Physics, Mathematics, Statistics)	3 Yr.	Diploma in Medical Lab Technology	2 Yr.
Bachelor of Technology Electrical Engineering (Electric Vehicle and Smart Grid)	4 Yr.	Master of Science.(Mathematics)	2 Yr.	Diploma in Medical Record Keeping	2 Yr.
Bachelor of Technology (Mechanical Engineering)	4 Yr.	Master of Science. (Statistics)	2 Yr.	Diploma in Operation Theater Technician	2 Yr.
Bachelor of Technology Mechanical Engineering (Mechatronics)	4 Yr.	<b>FACULTY OF ARCHITECTURE &amp; PLANNING</b>		Diploma in Optometry	2 Yr.
Dual Degree Bachelor of Technology - Master of Technology (Production and Industrial Engineering)	5 Yr.	Bachelor of Architecture	5 Yr.	Diploma in X Ray Technician (DXRT)	2 Yr.
Dual Degree Bachelor of Technology - Master of Technology (Machine Design)	5 Yr.	Bachelor of Planning	4 Yr.	Master of Science (Medical Pharmacology)	3 Yr.
Master of Technology Production & Industrial Engineering Full Time /Evening	2/3 Yr.	Master of Architecture Full Time /Evening	2/3 Yr.	Master of Science (Medical Anatomy)	3 Yr.
Master of Technology Machine Design (Evening)	3 Yr.	Master of Planning Full Time /Evening	2/3 Yr.	Master of Science (Medical Biochemistry)	3 Yr.
Bachelor of Technology (Civil Engineering)	4 Yr.	Bachelor of Design (Fashion Design)	4 Yr.	Master of Science (Medical Microbiology)	3 Yr.
Dual Degree Bachelor of Technology - Master of Technology (Construction Technology & Management)	5 Yr.	Bachelor of Design (Product Design & Interior Design)	4 Yr.	Master of Science (Medical Physiology)	3 Yr.
Dual Degree Bachelor of Technology - Master of Technology (Environmental Engineering)	5 Yr.	<b>FACULTY OF PHARMACY</b>		Master of Physiotherapy (Musculoskeletal, Neurology, Cardiopulmonary, Certificate Program in Yoga	2 Yr.
Dual Degree Bachelor of Technology - Master of Technology Structural Engineering	5 Yr.	Bachelor of Pharmacy	4 Yr.	Post Graduate Diploma in Yoga Therapy	1 Yr.
Master of Technology Structural Engineering Full Time /Evening	2/3 Yr.	Diploma in Pharmacy	2 Yr.	Bachelor of Science in Nursing (Basic)	4 Yr.
Master of Technology Construction Technology & Management Full Time /Evening	2/3 Yr.	Master of Pharmacy in Pharmaceutics	2 Yr.	Bachelor of Science Nursing (Post Basic)	2 Yr.
Master of Technology Environmental Engineering Full Time /Evening	2/3 Yr.	Master of Pharmacy in Pharmacology	2 Yr.	Diploma General Nursing & Midwifery	3 Yr.
Master of Technology Hydraulics & Water Resources Engg) FT/Eve	2/3 Yr.	Master of Pharmacy in Pharmaceutical Chemistry	2 Yr.	Diploma Auxiliary Nursing Midwifery	2 Yr.
Bachelor of Technology (Biotechnology)	4 Yr.	Pharm D (Post Baccalaureate)	2 Yr.	<b>FACULTY OF HUMANITIES &amp; SOCIAL SCIENCES</b>	
Bachelor of Technology (Food Technology)	4 Yr.	Pharm.D.	5 Yr.	Bachelor of Arts (Hons.)	3 Yr.
Bachelor of Technology (Biomedical Engineering)	4 Yr.	B.Pharm - MBA Pharmaceutical Management (Dual Degree)	5 Yr.	Physical Education/Economics/History/Political Science/Psychology/Sociology/English/Urdu	
Dual Degree Bachelor of Technology - Master of Technology Biotech	5 Yr.	<b>FACULTY OF COMPUTER APPLICATION</b>		Bachelor of Arts (Hons.) in Defence and Strategic Studies	3 Yr.
Dual Degree Bachelor of Technology - Master of Technology Food Tech	5 Yr.	Bachelor of Computer Application	3 Yr.	Master of Arts	2 Yr.
Master of Technology Food Technology Full Time /Evening	2/3 Yr.	Bachelor of Vocational Education (IT Software Development)	3 Yr.	Clinical Psychology/Economics/History/Political Science/Psychology/Sociology/English	
Master of Technology Biotechnology Full Time /Evening	2/3 Yr.	(Multiple Entry/Exit)	2 Yr.	Master of Social Work	2 Yr.
Master of Technology Bioinformatics Full Time /Evening	2/3 Yr.	Master of Computer Application	2 Yr.	Certificate of Proficiency	1 Yr.
Master of Technology Biochemical Engineering Full Time /Evening	2/3 Yr.	Post Graduate Diploma in Cyber Security & Law	1 Yr.	Arabic/English/French/German/Urdu	
<b>FACULTY OF AGRICULTURAL SCIENCE &amp; TECHNOLOGY</b>		<b>FACULTY OF EDUCATION</b>		Diploma of Proficiency	1 Yr.
Bachelor of Science (Hons.) Agriculture	4 Yr.	Bachelor of Education	2 Yr.	Arabic/English/French/German/Urdu	
Bachelor of Science (Hons.) Forestry	4 Yr.	Bachelor of Physical Education	2 Yr.	Short Term Program (Spoken English)	3 mon
Bachelor of Science (Hons.) Home Science	4 Yr.	Diploma in Elementary Education	2 Yr.	<b>FACULTY OF MASS COMMUNICATION</b>	
Bachelor of Science (Hons.) Horticulture	4 Yr.	Master of Education	2 Yr.	Bachelor in Journalism & Mass Communication	3 Yr.
Bachelor of Technology Agricultural Engineering	4 Yr.	<b>FACULTY OF LAW</b>		Master in Journalism & Mass Communication	2 Yr.
Master of Business Administration (Agribusiness Management)	2 Yr.	Bachelor of Arts - Bachelor of Law	5 Yr.	<b>INTER DEPARTMENTAL PROGRAMS IN VALUATION</b>	
Master of Science (Agriculture) Agronomy	2 Yr.	Bachelor of Business Administration - Bachelor of Law	5 Yr.	Master of Commerce (Valuation Stock & Trade)	2 Yr.
Master of Science (Agriculture) Genetics & Plant Breeding	2 Yr.	Bachelor of Law	3 Yr.	Master of Science (Valuation Agriculture)	2 Yr.
Master of Science (Agriculture) Horticulture	2 Yr.	Master of Law (International Law)	1 Yr.	Master of Science (Valuation Land & Building)	2 Yr.
Master of Science (Agriculture) Soil Science	2 Yr.	<b>FACULTY OF COMMERCE &amp; MANAGEMENT</b>		Master of Science (Valuation Plant & Machinery)	2 Yr.
Master of Technology Agri Informatics	2 Yr.	Bachelor of Business Administration	3 Yr.	<b>UNIVERSITY POLYTECHNIC</b>	
		Integrated Master of Business Administration	4 Yr.	Diploma in Architecture Engineering	3 Yr.
		Master of Business Administration	2 Yr.	Diploma in Chemical Engineering	3 Yr.
		Master of Business Administration (Hospital & Health Care Mgt) Eve	2 Yr.	Diploma in Civil (Construction Management & Safety) Engineering	3 Yr.
		Master of Commerce / Master of Commerce ACCA	2 Yr.	Diploma in Civil Engineering Full Time/Evening	3 Yr.
		Master of Business Administration (Hotel Management)/ (Tourism)	2 Yr.	Diploma in Computer Science & Engineering	3 Yr.
		Master of Business Administration (Executive)	2 Yr.	Diploma in Electrical Engineering Full Time/Evening	3 Yr.
		Master of Business Administration (Supply Chain Mgt) Safeducate	2 Yr.	Diploma in Electronics Engineering	3 Yr.
		Bachelor of Business Administration (Supply Chain Mgt) Safeducate	3 Yr.	Diploma in Mechanical Engineering	3 Yr.
		Bachelor of Hotel Management	3 Yr.	Diploma in Mechanical Engineering (Automobile)	3 Yr.
		Post Graduate Diploma in Industrial Safety & Management	1 Yr.	Diploma in Mechanical Engineering (Production) Evening	3 Yr.
		Master of Business Administration (Digital Marketing) Times Pro	2 Yr.	Certificate Program in Two Wheeler Technician (in association with Yamaha)	10 mon
				Diploma in Vocational Education	2 Yr.
				<b>FACULTY OF DOCTORAL STUDIES &amp; RESEARCH</b>	
				Ph.D in all disciplines	

Lateral Entry is available in Engineering Diploma, B.Tech, BPT, BMLT, BRIT, B.Optm & M.Sc. Medical Programs

Studying at Integral University, the Smart Choice for Education, Career & Life

# INTEGRAL UNIVERSITY

LUCKNOW - INDIA

Celebrating

**22** years of EXCELLENCE

## PROGRESSION

### SCHOLARSHIP

Integral Graduates of 2020 securing admission in Bachelors, Masters & Ph<sup>D</sup>. programs

### JAMMU & KASHMIR SCHOLARSHIP

Applicants from Jammu and Kashmir

**25% WAIVER IN TUITION FEE**  
ADMISSIONS 2020

### NORTH EAST SCHOLARSHIP

Applicants from the North Eastern Region of India

### ALUMNI

#### SCHOLARSHIP

Siblings of our Alumni

### SIBLINGS

#### SCHOLARSHIP

Siblings of enrolled students

## MERITORIOUS SCHOLARSHIPS

≥ 90% Marks  
100% Waiver  
in Tuition Fee

≥ 85% Marks  
50% Waiver  
in Tuition Fee

≥ 80% Marks  
25% Waiver  
in Tuition Fee

Marks obtained in qualifying examination

RANKED AMONGST

THE TOP TWO PRIVATE UNIVERSITIES  
of Uttar Pradesh in  
INNOVATION & RESEARCH

Source : Scimago Institutions Ranking 2019

Recognized as a  
**SCIENTIFIC & INDUSTRIAL RESEARCH ORGANISATION**  
by the Department of Scientific & Industrial Research,  
Ministry of Science & Technology, Govt. of India.

# Association Chapters

**I**ntegral University Alumni Association, formally founded in 2006, is a thriving and growing group of passed outs working towards nurturing a lifelong relationship between alumni and their alma-mater. The association facilitates ways and means of getting connection with the university fellow friends and alumni. The IUAA invites all the alumni to participate and explore the opportunities available right from on campus events, to meetings in your own cities to E networking, to volunteering in the Association activities.

## **Our Objectives :-**

- To promote the general objectives of the integral university.
- To rejuvenate friendships made at the integral university and to provide opportunity for social interactions among Graduates.
- Provide a link between former students of the integral university and the university itself.
- Provide interest in the university activities among the graduates and others.
- To provide an avenue by which alumni of the university might interact on academic and other matters.

*USA, United Kingdom, Canada, Australia, Saudi Arabia, Bahrain, Delhi & Bangalore*

*To Connect to these Chapters kindly Contact : +91 9161 434999, [alumni@iul.ac.in](mailto:alumni@iul.ac.in)*

**Inspiring Excellence  
Integral University Alumni Association  
Going Glocal...**

IUAA, UAE Chapter
