**A**t Integral University we nurture a diverse community of students from more than thirty-three countries. There is a spectacular array of courses and a vast spectrum of extracurricular activities. Students from multiple backgrounds seek success in the world of academics by investing their time and resources. Hence, it becomes obligatory for an educator to nurture their talents and enlighten their minds.

We help the students to steer across the unfamiliar terrain and confront the challenges of scholarly life by providing them with a steady network of support and mentoring. The Alumni Welfare Association stirs the tide of collaboration that needs to be strengthened between the alumni community and their alma mater. This collaboration undoubtedly ripens into a rich harvest for both the sides. The current issue of the Kaleidoscope is a substantial corpus of information that AWAIU has to offer the readers. We hope this volume will be highly absorbing and informative.

**I**ntegral University is an epicenter of opportunities and activities. The campus of this hub of erudition brims with ace scientists, engineers, medical practitioners, brilliant educators, outstanding athletes, acclaimed artists, and many other dedicated individuals who contribute in whatever way they can to the smooth functioning of this magnanimous institution. The Alumni Welfare Association of Integral University has turned into a cosmopolitan body as the alumni community of this institution scatter across the cartographic demarcations. This cross-cultural and transnational interaction is beneficial for both the alumni community and their alma mater.

The Kaleidoscope is a treasure trove of information focusing on the progressive ethos of Integral University. It also showcases a vast array of activities, events, memories and messages from across the sphere of the Alumni Welfare Association of Integral University. As a member of the editorial board, I feel greatly privileged to contribute to the fifth volume of the Kaleidoscope.

**T**he unflinching charisma of the alumni community has mesmerized their alma mater greatly. The stupendous efforts of the alumni to strengthen the bond of solidarity is praiseworthy. They outshine in every nook and corner of the glocal village. This collegial relation gives space to both the stakeholders to prosper in the long run. The current post is a glimpse of this collegial relationship which captivates and enthralls the Integral family.

The alumni community of Integral University has won accolades for their alma mater on a grand scale. Their efforts have been noteworthy and their selfless devotion to the university has been commendable. AWAIU has scaled new avenues globally as we embark upon one chapter after the other. The annual alumni magazine is a step towards creating fresh bonds.

### **Prof. S.W. Akhtar**

Hon'ble Chancellor and Founder  
Integral University

**A**n organic part of the story of Integral University's genesis is the formation of Techno Academic School in 1994. This humble abode of scholastic pursuit was then transformed into an Institute of Integral Technology in the year 1998. The evolution did not halt at this juncture, but moved on as this institute metamorphosed into what the world now knows as the Integral University. The transition of Techno School into Integral University is a matrix of one man's vision. He identified his borne and suffused all his èlan vital into this vision.

With surgical precision, Chancellor, Professor S.W.Akhtar disentangled the knots of technical education that could barely permeate the corpus of the then society. He assessed the global power of technical education and made it available for everyone. He championed the reform of private education by braiding it into his dynamic vision and marshalled into establishing such a magnanimous university. He not only provided quality education, but employment to innumerable people by means of this institution. He redefined the mantra of success by turning the chrysalis of learning into an educational tornado.

**Hon'ble Chancellor and Founder  
Integral University, Lucknow**

### **HON'BLE CHANCELLOR'S MESSAGE**

**T**he birth of Integral University was nothing less than the auspicious occurrence of a celestial event that changed the course of the epistemic universe. As time traversed Integral University emerged from the chrysalis of challenges as an immortal name in the academic constellation. This university is passionately involved in dissolving the barriers of nationality, geography, class, race, culture and gender. Integral University provides a window into the radiant and boundless sphere of knowledge that strengthens the students. The students undergo a metamorphosis of personality as they tread the corridors of this temple of learning and emerge as future winners.

At this juncture I wish to register the feeling of exuberance that I experience as I witness our alumni swim across the sea of challenges like the majestic suwat betta and confront all predicaments with fortitude. Like a blinding crescendo of stars our alumni shine in the firmament of success. Their realm of triumph is fathomless, and it is their coordinates of success that fetch Integral University immense global recognition.

I also bestow my blessings on the Alumni Welfare Association for presenting us with the fifth volume of the annual alumni magazine Kaleidoscope. I must affirm that this literary endeavour is a distillation of some of the most significant words and ideas from the community of our alumni. It is a relentless effort to provide a sanctuary to fertile thoughts and eloquent expressions that embellish the environment of this esteemed university.

This magazine cherishes the symbiotic relationship that the alumni share with their alma mater in the most exquisite way. I hope our alumni continue to enrich their alma mater with their meritorious efforts.

## **DR. SYED NADEEM AKHTAR**

**Hon'ble Pro-Chancellor**

### **HON'BLE PRO-CHANCELLOR'S MESSAGE**

**B**eyond the horizon of existing dictionaries and encyclopedias at Integral University we have engineered a unique ecosystem of interaction. The infrastructure of this university has been shaped with flawless dexterity and precision. At Integral University we aspire to create an atmosphere of emotional ecology within the classrooms and an equally robust milieu outside. Like a cultural mosaic this university harbours students from more than thirty-three countries.

The erudition of our alumni community has garnered enormous accolades. Their triumph is a hymn to perseverance in the perpetually transforming realm of competition. Our alumni are our invaluable assets and we hope to deepen the bonds of solidarity with them.

I congratulate the Alumni Welfare Association of Integral University on the publication of the annual alumni magazine Kaleidoscope as a galvanic step towards building a new circuitry of alumni community. Hope your untiring efforts embolden other students to be a part of the Alumni Welfare Association. I would like to conclude my message with the inspiring words of legendary American philosopher, poet and essayist Ralph Waldo Emerson:

Do not go where the path may lead,

Go instead where there is no path and leave a trail.

## **PROF. JAVED MUSARRAT**

**Hon'ble Vice-Chancellor  
Integral University, Lucknow**

**I**ntegral University is a pedagogical cornucopia, the dimensions of which traverse across demarcated regions and territories. This university nestles a myriad of cultural and epistemic riches that will certainly help in making it one of the most prestigious universities in the country. Indeed, with the changing global educational scenario, the horizons of professional pursuits are expanding, which provides enormous scope for students to unfold their skills and attain greater heights of success. The Integral University has the capacity to impart advanced education in contemporary fields of STEM, Management and Social sciences, Law and Medicine to produce graduates, postgraduates and researchers, enriched with both the theoretical and practical knowledge of newer technologies and skills. To attend this, we continuously update our courses and syllabi, keeping in view the changing needs of different professions, industries and social landscapes. Our well-qualified faculty and trained staff are dedicated to engendering the all-round development of our students, and to kindling there inherent literary and creative talents, as well as, sportsmanship. We nurture and ignite the fertile Minds of their professional and personal success, and are committed to creating responsible citizen as the epitome of utmost ethics, and social and moral values.

I congratulate all are our alumni for scaling new heights in different spheres of their lives. Their success is peerless and stands as an example of our current and future students. Through this fifth volume of the annual alumni magazine 'Kaleidoscope', I urge the alumni to keep on sharing their valuable experiences and achievements with their alma matter. I also extend my good wishes to the Alumni Welfare Association (AWA) of Integral University for their endeavor in publishing this annual alumni magazine. The effort of AWA is a step forward in strengthening the bond between the students and the alumni community. I would like to end my message with the words of Winston Churchill:

Success is not final,  
Failure is not fatal,  
It is the courage to continue that counts.

**T**he brand name of a University emerges only if it provides quality education and series of efforts in enhancing the knowledge and thus raising its students particularly to the highest level of awareness. Integral University has provided state-of-the art Labs, Hostels, Playground, Libraries, Medical Facilities, wifi and many other infrastructural facilities which has ultimately succeeded in carving and improving the learning skills of students and has given sheen in personality development with the result the students are engaged in various paramount and pioneering institutions/industries in and across India.

The Alumni Association of the university is playing vital role in assembling and interacting with the alumni from time to time. AWAIU has been engaged for years in inviting the alumni for on every occasion in the university, so that the chain of their remembrance and dreams may not get blurred. It is noteworthy that Alumni Association of the University is bringing out a spread-sheet regarding the welfare and progress of pass out students along with the present academic activities, future planning and aims of Integral University. The Kaleidoscope to be published by the Alumni Association on the auspicious occasion of the Foundation Day and Annual Convocation, is a source to reveal the panoramic view which will make it more attractive, meaningful, and precious. The alumni and their experiences are shared through this magazine which will certainly enhance its charm and give a glimpse to the guardians about the future of their wards.

The alma mater always remains ever-green in one's recollections. The paramount importance of Alumni Association in fostering the relationship between the past and present fleet of students can hardly be overlooked. I congratulate Dr. Salman, the President of the Association and his team for achieving good results. I extend my gratitude and appreciation for the arduous task that he has taken up in his hands and is executing elegantly with exuberance and flair.

*From the desk of Controller of Examinations*

## **Prof. Abdul Rahman Khan**

**Controller of Examinations  
Integral University, Lucknow**

I extend my wishes to the Alumni Association of Integral University for helping to bridge a gap between the current students and the alumni. The 'Alumni Magazine' is a source to spread out details of the efforts of the Association and also to bring awareness among its alumni that the University still remembers them and cherishes the years of their life they spent on the campus. Integral University is making rigorous efforts for opening up new vistas of expansion to brace and strengthen the institution and to create new benchmarks of excellence in all spheres of life. For the betterment of their Alma Mater, I do hope that our alumni will shoulder the grave responsibility of taking the University to the newer heights of excellence and triumph with heart and soul.

This year degrees will be conferred upon 690 Post Graduates, 2432 Undergraduates, and 167 Diploma including 57 Ph.D. students. I feel proud to mention that this year 84 students will be awarded Gold Medals and 82 students will receive Silver Medals.

The Integral University Alumni Welfare Association connects more than 38k alumni to their alma mater. I congratulate the Alumni Welfare Association (AWA) as they release the fifth volume of the annual alumni magazine and for their efforts in organizing networking opportunities for its students and alumni in assisting the students towards their pursuit of excellence.

*From the desk of Director (HRDC)*

## **Prof. (Dr.) Syed Aqeel Ahmad**

**Director (HRDC)  
Integral University, Lucknow**

**T**he landscape of Integral University breathes with cutting-edge infrastructure and an equally trailblazing epistemic ethos. The Alumni Welfare Association of Integral University has initiated an everlasting bond between the alumni community and the current students. I feel deeply exalted to congratulate the AWAIU for the publication of their annual magazine. The dialogue between the alumni and the current students opens new avenues for future growth. The alumni serve as a guiding star for these students as they step out of Integral University. We at Integral University equip our students with best facilities and provide for them a very amicable atmosphere. They are thoroughly trained in various courses by our trained educators and their skills are honed with best techniques of imparting education. The Alumni had been playing a pivotal role in the growth of Integral University. I am glad to know that you are excelling in your career with the core values inculcated by the Integral University: Competence, Commitment and Integrity.

I congratulate the entire editorial team of AWAIU for publishing the annual alumni magazine. This magazine is a storehouse of the interesting inputs from the alumni community and words of wisdom from the pillars of our university. I envision that the bond between the alumni community and their alma mater is strengthened by means of this literary endeavour.

I wish happiness and success to all the Integralite and looking forward for their valued involvement in near future.

**L**ike the enigmatic and phantasmagoric aurora borealis the orb of Integral Institute of Medical Science and Research (IIMSR) is perennially evolving and touching new heights. We at IIMSR have embraced a plethora of latest technologies in our quest for saving lives. We have a team of specialists and highly skilled medical practitioners who are devoted to the cause of providing outstanding facilities and selfless service. Our commitment to our profession is based on a strong humanitarian zeal.

It is a cause of great jubilation to observe the heights that our alumni have achieved on an international rostrum. The Alumni Welfare Association of Integral University has rendered selfless service in cementing the alumni network. I congratulate the entire team of Alumni Welfare Association on the release of the annual alumni magazine. This magazine is a repertoire of information about the vibrant campus life at Integral University and the alumni community. It opens new vistas by building a bridge between the alumni and their alma mater.

**T**hese electrifying words of the acclaimed American poet Langston Hughes invigorate passion in all of us to realize our dreams and live enthusiastically. I am thoroughly enraptured to be a part of Integral University. The responsibilities that I am endowed with provide me immense opportunity to win acclaim for this reputed university on a global platform with utmost sincerity and enthusiasm. I replenish the resources of this university by enhancing its outreach programs and creating a network of new resources.

We at Integral University offer exemplary guidance for budding entrepreneurs by means of the Centre for Incubation and Entrepreneurship Development (CIED). We aspire to provide ace mentorship to startups and pave way for quality incubation. We hope that our alumni will surely avail this opportunity and win accolades for their alma mater.

The achievements of our alumni community are undeniably noteworthy. I convey my wishes to the Alumni Welfare Association for providing such a refreshing annual alumni magazine. I am confident that the Alumni Welfare Association will surely reconfigure the bonds of solidarity that exist between the alumni and their alma mater.

## **Dr. Nilanjan Mukherji**

**Director CCG&D (Training & Corporate Relations)  
Integral University, Lucknow**

**A**ny Institution's alumni are a key to its growth. At Integral University our alumni are our cherished and prized resource as they step out to the larger world across the globe to spread the spirit of positivity by contributing to their organizations and businesses and adding value to the economy & society at large.

The focused training by faculty and mentors at their alma mater goes a long way in shaping up their personality as valuable global citizens. In this direction, the Centre for Career Guidance & Development which closely interacts with all pre-final & final year students takes pride in seeing our alumni succeed in various spheres of life. It is always a pleasure, honor and a matter of immense pride to meet our alumni at any forum and share their success story. I was personally elated to witness the success stories of our proud alumni working in the UAE during our personal interaction in Feb 2022.

My best wishes to our alumni for doing well in life as well as supporting the young talent from subsequent batches of Integral University in gaining foothold in their initial few years of work life.

I congratulate and applaud the efforts of Alumni Welfare Association Integral University (AWAIU) towards their efforts in bringing our worldwide alumni under one umbrella.

The two most important days of your life are the day you are born and the day you find out why – Mark Twain

I strongly urge our alumni to live their dreams with a purpose. Let's keep the INTEGRAL flag flying high in our journey towards INSPIRING EXCELLENCE... GLOBALLY!

Best wishes always...

## **Prof. Monowar Alam Khalid**

**Dean, Students' Welfare  
Integral University, Lucknow**

I highly appreciate the efforts of Alumni Welfare Association of Integral University (AWAIU) for coming up with yet another much awaited edition of their annual magazine “*Kaleidoscope*”, which has become an important link between the university and its 38000 plus Alumni, nationally as well as internationally. The magazine has gained popularity as it provides an excellent platform for alumni to share their success and motivational stories with their almamater, colleagues and students. The AWAIU has a dedicated and well-furnished office which also conducts talks and motivational speeches of its prominent alumni regularly for guiding and supporting students for their job prospects. I congratulate the office bearers of AWAIU for their hard work and dedication and wish them all the best for their future endeavours.

## **Dr. Salman Khan**

**President (AWAIU)  
Integral University, Lucknow**

**T**he global scenario transforms every year and new challenges are put forth in the professional sphere. This makes the tide of competition scale new heights and also creates new goals for the student community. Education is an antidote to ignorance. By ascending the challenges and countering the platitudes the student community can stand the test of time. We at Integral University equip the students with an array of opportunities and strategies to face the challenges that populate the world outside this university.

Integral University is an academic sanctuary for students from across the globe. The hallmark of our university is 'inspiring excellence' and we at Integral solemnly follow this motto.

The final years of the students are like an emotional tug, a tidal pull for the students as they prepare to launch themselves into the professional universe. Integral University unearths the significance of quality education for the students, so as to make them aware of its universal value. The academic voyage that the students undertake at Integral University is a transformative arc for them as it illuminates the path of their careers.

At this point I render sincere gratitude to the alumni community for supporting the Alumni Welfare Association in different ways and sharing their success with their alma mater. I envision that this bond will bear a rich harvest.

## **Dr. Halima Sadia**

**Vice- President (AWAIU)**  
**Integral University, Lucknow**

**T**he Integral University Alumni Association, officially established in the year 2006, was enacted to foster university-alumni relationships, thereby to advance the objectives of the university under the U.P. Society Registration Act 1860.

It is an honour to serve as the Vice-President of the Alumni Welfare Association of Integral University (AWAIU). I stand on the shoulders of a line of very dedicated alumni President and association members. To foster the sense of belongingness and support the forthcoming efforts of our esteemed alumni, I feel privileged to welcome all the alumni of Integral University on this very platform. I take this opportunity to thank the Hon'ble Chancellor, Prof. Syed Waseem Akhter, Pro-Chancellor, Dr. Syed Nadeem Akhter, Vice-Chancellor, Prof. Javed Musarrat, Registrar, Dr. Mohd. Haris Siddiqui, and President AWAIU, Dr. Salman Khan for giving me an opportunity to be associated with the Alumni Welfare Association of Integral University (AWAIU).

AWAIU envisions connecting our alumni from all across the world and creating a network across the boundaries. The excitement of connecting with our alumni is always a cherished moment that we at Integral University look forward to. The AWAIU gives us a platform to reconnect and relive the golden days. Building on traditions from the past, creating new ones, and refocusing our efforts to build upon a strong history and foundation are the goals that we look forward to.

As a Vice – President of AWAIU, I believe that we have greater responsibilities of providing mentorship, guidance, and motivation by creating a network of alumni and students. I seek your support and experience in reaching out to each and every alumnus settled in any part of the world. Many alumni are already participating at so many levels by giving their time, talents, and resources. In big ways and in small, your contributions are important and valuable. As alumni, we are a vital thread in the fabric of this institution, and your support and participation is needed to make a lasting difference in the lives of many.

On behalf of our students, faculty and staff, I invite you all to come together and connect on this platform as responsible alumni of Integral University to achieve the truest essence of its vision and mission.

Together, we are a force for the future.

“I'm grateful for being a part of such a great university. My experiences were amazing throughout my student life at IU and it has made me what I am today. Being in Computer Applications Department, I learned a lot and now I am utilizing that knowledge and those skills in the fields of Information Technology and Mobile Application Development. I had a very pleasant experience with the amazing and highly qualified teachers and well-equipped labs. We learned lessons about life, especially during MCA last year industrial tour. It was a fabulous tour. I am proud to be a part of such a great university.”

“I will start by saying, “If u think u can.” In the professional life when u start your career no one will see your marks or grades, so improve your communication skills reading, writing and speaking. In my view if anyone aspires to qualify PCS, IAS or any other competitive exam set a time frame to crack it, if you get over the time frame choose the field you are good in and start your career. Don't ever get into comfort zone, comfort zone is the place where u lose yourself. There is no success without sweat and hardships. Your mind should be stronger than your feelings, don't ever fear to take any decision, make mistakes and never repeat them.”

I am short of words when it comes to recall my memories from this place first of all my respected Professors and our HOD (Dr. Haris Siddiqui Sir) all were so good, down to earth and humble that four years passed so smoothly. They not only taught us education but also morals, today what I am and where I am is only because of them till today I am in contact with my mentors. My only message to new joiners is that just respect your mentors, work hard, co-operate with them and see the results. Good Luck to All. Miss you Integral University you have my heart.”

“

First of all thank you so much Integral University Lucknow for helping me to reach at the position where I am now. The credit goes to this university only. It helped me a lot to improve my skills, knowledge and also to be a noble human being. Really blessed to have such supportive faculty and mates. 2017-2020 was the bestest part of my learning journey. Special thanks for my HOD, Dean and Department of management studies for always being there for me and for their guidance.

“

My college is the place where I used to spend most of my time. I love that place a lot and I have lots of friends there, whenever we got leisure time in the college, we hang out on the campus. All the teachers are qualified and experienced. They teach us with great care and love. There is a friendly environment in the campus, and anyone can go to any building, there is not much of restrictions. I am glad to be in such a beautiful and amazing place.

“To my Alma Mater, It is good to have an end to the academics journey, yet it shall always be the journey that mattered and shall always matter. I owe you all my hard work, my zeal and enthusiasm and a will to dedicate my life in enhancing the best what I felt could be flourishing the generations to come. It is an honour to be the part of this extravagant publication, from an institution which shall always be an honorary part of my life. Whatever I am and whatever I have been through and whatever comes forth, shall be an indigenous and versatile divinity of the faculties and every single person who trusted me and our batch that WE CAN. It is our moral duty to have this torch to lead us forward on to the path of integrity and wisdom and to touch new milestones. Best wishes to everyone. I am a Proud Integralite.”

“I feel honored to be alumni of Integral University. I extend my deep gratitude to Integral University for their generous support in my journey of four years. IU helped me transform into a better version of myself by helping me channelize my potential in the most suited direction. The opportunities I got from this prestigious academic marvel taught me skilled leadership & interpersonal skills.”

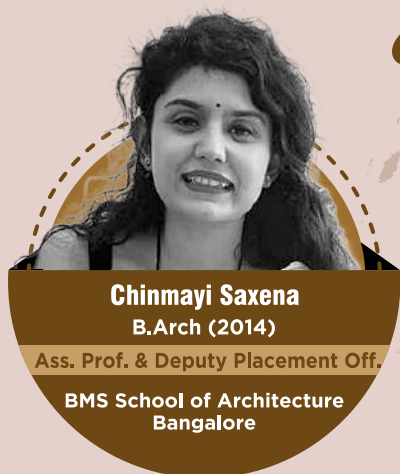

“Heartily congratulations to all the students who are graduating this year from their respective courses of enrollment. I wish you all the very best for the upcoming challenges that you all will face in your respective vocational fields. Those students who have already got a vocational placement, you all will be surely inducted for initial training modules by your respective recruiters soon before you are brought on-board for production. But I'll still suggest you all to keep all the learnings of past years with you as it will come handy sooner or later. Don't forget to meet & help your college friends & other colleagues. Even if you all get very busy in life. And for those who are still waiting for some placements, don't feel exhausted or stressed. You will surely be placed soon. Just keep yourself skilled & upgraded, and hold on to your instincts tightly. Opportunities will surely come sooner or later. Good luck!”

“I am deeply indebted to my alma mater for making me what I am today. As I recall the days gone by, I feel elated to convey my heartfelt gratitude to all the teachers at Integral University who helped in shaping my personality. As I gear up for the everyday challenges of life, I employ all the strategies taught to me at Integral University. The professional sphere has indeed changed and become more complex in the present time. The demands of the employers have also changed a lot, so the students must keep an eye on the ever-evolving scenario. The valuable lessons of life imparted in the university have always guided me and helped me. I sincerely wish that the new students will maintain the standards of the institution and achieve new heights.”

“I have immeasurable relationship with Architecture Department of Integral University. Having studied here for five years I started my career (worked here for four years) at my alma mater. This expedition (journey of nine years) has been spellbinding and it cannot be elucidated in a few lines. While I pen down my notions here, all I can reminisce is a few faculty who I would remember till the end. Safi Sir who taught us construction techniques in his own unique way and the fact which I cannot resist mentioning, that the whole batch was hell terrified of sir till we got the opportunity to go on a trip to Mumbai, Pune in the year 2011, where we kind of spotted the lighter side of him. When it comes to Basic Design & History of Architecture, how can I miss Zeba ma'am, OG (slang, which am certain millennials and GenZ would comprehend) of this field. And last but not the least, Khurram Sir who has always been generous to us. I could finish my Master's degree Program (Part time) with the immense support from... well... my then boss Khurram Sir. Ahh one thing which I can't miss writing here is that all three of them always encourage us literally forcing us to write research papers, now that I am into it and I understand its importance NOW (ahh yeah... NOW because as you grow older, you become a little wiser), can't miss to mention my mentors have been guiding me to do this since the start of my career. I am grateful to you for all the sweet and sour memories that I have had with you. They have played a crucial role in shaping me into what I am today.”

“

"Ye mera chaman, hai mera chaman, main apne chaman ka bulbul hun.. Sar-shaar-e-nigah-e-nargis hun, paa-basta-e-gesu-e-sumbul hun!"

These lines describe my feelings for Integral University the best, even when I am an Alumni, I still carry a part of Integral within me and always will!

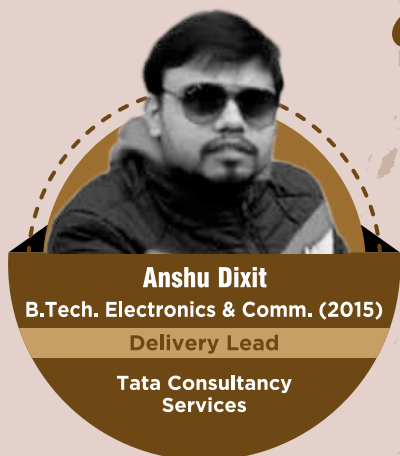

”

“

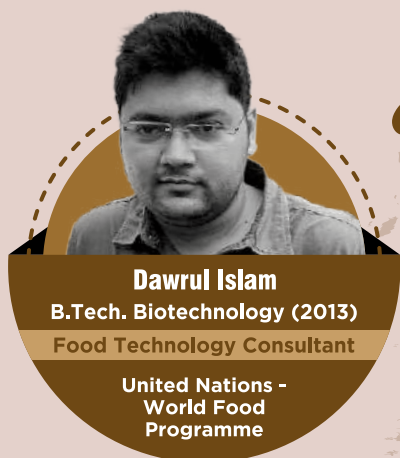

Paving the way to success: I am where I am, and who I am because Integral University encouraged me to go forth and explore, to be fearless and unapologetic about myself. The phrase “pushed me out of my comfort zone” is overused but it has never been more apt. The campus gave me a life skill that I will always treasure. I was fortunate to be taught by some amazing faculty members. They very effortlessly yet meticulously taught life lessons. Many years later too, even after I left University, some of the faculty members continued to be my coaches and mentors. The flexibility I was given meant more responsibility and it's how I learned to be exceptionally organized. It was more about making us accountable for our actions and creating the desire to want to make a difference. Lastly, thank you for teaching me to believe in myself.”

”

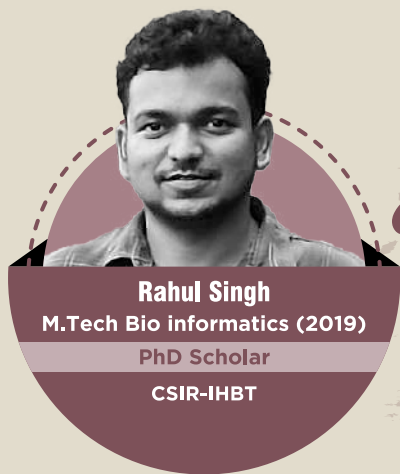

“Integral University has gone through tremendous changes since I left and I got to know the same in my recent visit, with the new way of learning, students find it easier to learn in online mode rather than in classes but in this process they would lose some very beautiful moments of their life which can only be experienced in classrooms. I still get nostalgic when I think about the lecture halls, the laboratories, the mid-sems, the notice boards, etc and these things remain an integral part of my life in my memories so only one request to the students, "Enjoy your time in the University as these are the golden years". Industry today is going through a transformation and there will be many changes, the key for the newbies would be to remain open to anything and everything which comes their way, there maybe times where the things we have learned will have to be unlearned, we will have to relearn it in another way so as to broaden our horizon, sometimes it would be a whole new thing in front of us and the only thing we could do would be to embrace it with open arms and believe me, success will be ours. Digital transformation, technological disruption, the debate between work from home and work from office has just begun and there will be many changes, many things will be done which will eventually be undone but this is life, we experiment, learn from it and make amends so that every time we refine ourselves with the knowledge. All the very best for future endeavours.”

“I earned my MBA from Integral University Lucknow. My MBA faculty at the college has given me the vision to look through the world in a wider spectrum of opportunities by utilizing the best of my business studies. After that I made the decision to pursue my passion for photography as a career. I spent eight years mastering numerous types of photography while working as a freelancer. I collaborated on projects during this time with well-known companies worldwide including Adobe, Tanishq, Google, UltraTech Cement, Maruti Suzuki, Zeleno, Platinoir, JJ Valaya, Play and others. The well-known Bollywood song “Mari Gali” from the film Tanu Weds Manu Returns is one of the well-known music videosthat I have made. I have extensive expertise and experience in this sector and have worked with many brilliant artists. I Shall always remain indebted to my alma mater.”

“I'm very grateful to the teachers/mentors I had in early stages of the University life. They have left an immense sense of responsibility in me as a citizen, a researcher and most importantly a Bio-Engineer. Only since I had the pleasure of being trained by inspiring researchers I have inculcated and reflected in my career, I have a long way to go and create the similar positive changes in people I interact and will interact with. I will always be thankful to my professors and institute forever indebted to them for certain invaluable lessons. The "college phase" is one of the most interesting stages in life that enables you to explore. My time at Integral University taught me one important lesson: life is unpredictable. It could be good, bad, inexplicable, or irrelevant to you, but expect anything to happen. It is the ideal balance of happiness and difficulties. You meet new people, interact with them, learn about their cultures, and grow as an individual.”

“I am grateful to Integral university for shaping me into what I am today. Thank you. You showed me that the world is full of possibilities. “It is said that reminiscence of the past should be done as long as it gives pleasure and happiness. And this is what exactly happens with me when I remember my Alma Mater . Integral University is not just an educational institution it's a place where I have achieved everything. My heart is filled with immense pride, fondness, gratitude-coupled with nostalgia and longing as to how those wonderful 4 years flew by. I get everything what many students dream, from getting tons of certificates to getting placed in a multinational company. My journey was amazing at Integral University. Apart from this worldly knowledge Integral University also made me learn spirituality. The surrounding, the atmosphere, the aura that Integral University provides I don't think anyone can get in any other university. Place where I have learned not only what was in my notebooks but also what is outside of it. Teachers are blessings there, I was very lucky that I have learned from gems. Zafar Sir (Dir Sports), Amir Sir (TPO), Usman Sir, Faizan Sir, Ankita Ma'am, Nusrat Ma'am and many more. They all are role models, each and every one is best in their respective fields. These teachers very effortlessly, yet meticulously taught lives lessons through languages. These teachers helped me to excel in whatever skill set we had, helped me to overcome fears and shortcomings. I earned around 50+ certificates in these 4 years in different fields, I have represented my University at IIT Roorkee and Invertis University Bareilly and secured positions in different events. In these 4 years I learned to follow my seniors as well as to lead a team in different committees like Sports, Media, Tech, Pandal, Open Mic , SWC etc. I will be always thankful to my alma mater for shaping me and helping me to become what I am today.....Thank You Integral University”

“One of the most important aspects for the growth of any institution is its faculty, Integral University has hired some of the excellent brains to positively transform the academic environment. At each and every step the faculty of chemistry has helped me to groom. During my stay, I observed that the Vice Chancellor (Prof. S.W. Akhtar) had a deep insight on every aspect of research activity, and duly supported the young budding researchers by providing the necessary infrastructure needed to perform research. I got an opportunity to work with brilliant minds who have tremendously contributed in my success. I sincerely hope that Integral University continues to provide the same platform for the upcoming researchers. I would like to congratulate the students who have enrolled in the University and wish them best of luck. My wishes and expectations are that Integral University becomes a leader in the education and research sector in near future.”

“It would difficult to summarize four years of **INTEGRAL UNIVERSITY** in just a few lines, but let me try anyway. There is no doubt that the learning and exposure that **INTEGRAL UNIVERSITY** provides is nothing short of excellent. However, looking back at the four years that I spent in Engineering, there are so many memories that come as flashback. I had the pleasure of completing my graduation from Integral University under the guidance of highly efficient Professors and excelled Management. From the first day itself the institute has surprised me with such a phenomenal learning process. Engineering course is not just a process of earning a bachelor's degree. It is a period which defines your life. You enter a college as a confused teenager and a right Institute serves the very purpose of moulding you up in each and every respect and Integral University does a very good job is doing so.”

If we have succeeded in our aim, then you are now more critical of facts and sources. You can now question the truth of some common wisdom and ask for the evidence that supports some broad assertion...”

**A**n 'alumnus' is 'the nurtured,' one who was loved, cherished and held in high regard and affection. This term 'alumnus' is therefore exactly descriptive of our feeling for our old students here at Integral University. Integral University has made a remarkable contribution to the education field through innovation, leadership and dedication. The best universities have close connections with their alumni, and we are endeavoring to make the university one of the best. Our alumni are assets to this university in the sense that

he/she gives something back to enrich the institution in terms of experiences shared. Every student who graduates from Integral University will surely realize his / her dreams and make a positive impact on the community in particular and the world in general.

I congratulate the Alumni Association for their magazine and look forward to their contribution in making this annual alumni magazine a great success.

## **Prof. P. K. Bharti**

**Head, Department of

**T**he alumni of an institution are the valuable assets and brand ambassadors who spread the message of the institution throughout the globe. It's a matter of immense pleasure that Integral University has robust ties with its alumni. University has always worked to meet the need of its students and imparted value to them by providing both the theoretical framework and the many types of training that students need at various stages of their careers. Many students from around the world have benefited from studying at Integral University and nurtured their professional careers with wonderful experiences of the time they spent here.

My wholehearted wishes to the Alumni Association for their magazine and I hope that they will be able to foster strong ties with our alumni in order to improve the calibre of our academic programmes and other aspects of it.

I congratulate AWAIU for connecting the integralites all over the globe for the novel cause of spreading excellence. We at Integral University invite our alumni to come by and explore our newest developments. You will be pleased to visit your alma mater.

As our alumni, you are a great resource and strength for our university. Several of you have expressed a desire to help recruit the next generation of students and to encourage and mentor current students in our running programs. Thankyou again for your great support.

# In Memoriam

*“To live in hearts we leave behind is not to die.”*

— Thomas Campbell

Our hearts are burdened as the entire AWAIU team eulogizes the departed souls who transcended the barriers of life this year. As we meditate on their accomplishments, we solemnly hope that the aggrieved families are able to bear their loss with patience.

We know that the pain of separation is indeed an ever-deepening abyss of despair, but life must go on. On the note of optimism, we hope that those who are left behind will surely bid adieu to the departed souls with a soft smile and gratitude.
